Services Offered

All of my packages are customized to your ideas, preferences, and beliefs. Fees are dependent on how detailed the ceremony is. Contact me to discuss what I can do for you further--I can design ceremonies to accommodate most budgets. If you already have a friend or family member performing your ceremony, I can design your ceremony and write your script for someone else to perform for you.

About My Fees: Most of my work is done prior to your ceremony. I spend hours discussing your ideas, dreams, and needs for the ceremony; drafting and revising; researching the perfect readings; designing rituals and ceremonies that fit your unique circumstances; organizing your bridal party; and making sure your DJ, photographer, videographer, wedding planner, and everyone else knows the cues so your special day goes smoothly.

Fees are determined by these factors, along with travel. I aim to exceed your expectations, regardless of your budget. Let's discuss what you need and what I can do for you.
